Dear Parents and Carers,

We are delighted to let you know that Gentian Class has been invited to attend a Science Day at Downside School on Tuesday 29th September.

During the day, pupils will be exploring the science of fireworks, investigating how light is produced and uncovering some of the secrets of the periodic table through a range of exciting scientific activities.

We will be walking to Downside School, aiming to arrive by 10:00am. Children should come to school wearing their full school uniform and bring a named water bottle and a waterproof coat in case the weather changes.

Lunch will be provided by Downside School. However, if you would prefer your child to bring a packed lunch from home, please feel free to do so. If you need to update us regarding any dietary requirements, please ensure this information is provided before Friday 18th September.

At 2:30pm, parents and carers are warmly invited to join the children at Downside School for afternoon tea. Children may then be collected directly from Downside School any time after 2:30pm.

If you have any questions about the trip, please do not hesitate to get in touch.

We are very much looking forward to what promises to be an exciting and enjoyable day of scientific discovery.

Kind regards,

Molly Craney
Gentian Class Teacher
