Home Learning Suggestions

Maths Doodle Maths Times Tables – 2x, 5x 10x, 3x table.	**English** Write a diary entry about what it's like learning at home on a very hot day. • Use first person (I, me, my) • Include feelings • Use time words (First, Then, After that, Finally) • Add expanded noun phrases (the *bright, boiling sun*) Prompt: "Today was one of the hottest days ever. First, I… Then I… After that… Finally…"	**Maths** Imagine you are running a tiny ice-cream shop. Solve these money problems Menu: • Vanilla £1 • Chocolate £1 • Strawberry £1 • Sprinkles 20p • Flake 30p If you buy vanilla and sprinkles, how much does it cost? A customer has £2. What combinations can they buy? Make your own 3 new ice-cream flavours and price them. Write two-word problems using your prices.
Geography Create a simple map of your house, room or garden. • Add symbols for features • Include a key • Add a north arrow • Label routes (e.g. "from the sofa to the door") You could write three sentences describing the space. eg "The sofa is *on the right of* the window."	**History** Research the Wright Brothers and create a poster or a slideshow Think about: • Who were the Wright Brothers • What they invented • When the first flight happened • Why their invention was important • One interesting fact	**English** Write a set of instructions for "How to Stay Cool in Hot Weather". • Start each step with a bossy verb (Drink, Sit, Find, Wear) • Use numbers for each step • Add a warning sentence at the end Examples: 1. Drink plenty of cold water. 2. Sit in the shade. 3. Wear a hat to protect your head. 4. Rest often so you don't get too tired.
